Variety	Like	Dislike
Above All	Wow, this climber puts on an amazing show! Love the color, disease resistant.	
Anna's Promise	This plant is two years old and this year it has produced several series of blooms and is doing better now that the day/evening temperatures are in the low 80" and high 40's. It appears to be both pest and fungal resistant.	
Baldo Villegas	After black spot defoliation, puts on more leaves.	
Best Kept Secret	Hardy rose plant with very beautiful white/pinkish/red blooms currently in the 4-5 in size that have excellent form. Fairly long last full blooming rose.	My only dislike is this beauty is very thorny!!!
Bill Reid	Beautifully shaped blooms of vibrant yellow with a slight blend and light fragrance. It repeats throughout the summer, but blossoms last only a couple of days. It is disease resistant. Good repeat bloom, strong canes.	
Boscobel	Pretty David Austin rose.	Did not survive the winter.
Brother Hugh	This high center rose is a killer for exhibition.	
Bull's Eye		Not fond of the color. It isn't white in our yard - move of a cream with faded mauve center. Repeat is very slow. Sluggish growth.
Calypso	Tight small blooms that repeats frequently throughout summer. Foliage has good color that is disease resistant. It is medium sized bush with multiple blooms. For a one year plant, it has vigorous growth with lasting color to the flowers.	
Champagne Wishes	The foliage is very deep green and has no disease this season. They repeat blooms throughout the summer. Blooms are small and have a hint of pink when they first open and then are all white before dropping petals. Fragrant.	
Contrary Mary	More like a mini-flora in growing habit. Vigorous with lots of blooms.	
Crystal Palace	Love the pinpoint centers.	
Daddy Frank	Dark red blooms tent do come in sprays as well as singles. Good vase life.	Not vigorous.
Dark Desire see Gräfin Diana	Nice classical shape with a unique royal coloring, self cleaning on the down side the rose only last a week.	
Dona Martin	Blooms are small but well formed.	

Variety	Like	Dislike
Doris Day	Her rich yellow color of bloom smiles is fantastic and the yellow color holds! She could bloom more. Very disease resistant.	
Dr Gary Rankin	Many blooms.	
Eternity	Stingy with very nice blooms.	
Fighting Temeraire	First year in garden from bare-root and has been vigorous with good repeat. Vibrant color on large blooms.	
Fire Opal	Wonderful glossy foliage. Very disease resistant. Pretty blooms.	Blooms don't last long.
Flamingo Kolorscape	This rose stands out as it shines covered in healthy dark green waxy foliage.	
Garden Director Bartje Miller	Beautiful blooms and sprays. Took Best of Show with it the first year.	Is not hardy enough for dry zone 5. Also doesn't like intense high desert sunlight without afternoon shade.
Good as Gold	Brooms are bright and colorful.	Not vigorous. Blooms don't last long.
Happy Go Lucky		Died over winter.
Heathcliff	long lasting blooms in garden and vase. nice tea and woody fragrance. little slow to repeat.	Not vigorous.
Hello Gorgeous!	Name says it all. Vigor plus killer blooms.	
High Hopes	Lack of thorns and the soft pink color was beautiful.	
Icecap	Nice rose with superior shape and bloom sets and the time it reblooms.	
Jump for Joy	Love the color, is disease resistant.	Not prolific.
Kardinal Kolorscape see Red Ayoba	Better red then average and much better glossy foliage and disease resistant's.	
Lemon Zest	This rose sets nice clean yellows that do not fade until they drop off.	
Love Song	Nice sprays. Can have exhibition form.	Not winter hardy.
Maid of Honor	This is nice orange rose that grow on long stems.	
Neil Diamond	Gorgeous blooms with heavenly scent.	Disease prone. Not vigorous.
Oh My!	Not vigorous; little bloom. Shovel pruned.	
Raspberry Kiss see Eyes on Me	Slow to start however once it gets going it blooms are formed in grouping.	
Royal Jubilee	Pretty blossom, which is all that has kept it from being shovel pruned.	Very small variety in zone 4b. Not vigorous.
Savannah	This is the best of the series when it comes to fragrance.	

Variety	Like	Dislike
The Lady Gardener		This rose is not nice, the bloom is downright ugly, has a strange center and fades to gray as it finishes. I will remove it for next season.
The Lark Ascending	lovely color and fragrance. repeats quickly. blooms do not last long however.	
The Lark Ascending	Beautiful, prolific bloomer! One of my favs.	
Tranquility	Beautiful, pure white blooms on dark green shubery...no disease problems..good fragrance. Repeats quickly.	
Wollerton Old Hall	great color and fragrance.	
Yabba Dabba Doo	Requires lots of fertilizer. Eye catching single blooms.	
You're the One	Nice form and color,	Significant blackspot in the fall.
