DENVER ROSE SOCIETY MINUTES

The thirteenth monthly meeting of the Denver Rose Society was called to order by Secretary Littlejohn who acted in place of our absent president Mr. Green, at 8:00 P.M., Thursday August 12th. Meeting was held at Horticultural House, 1555 Bannock Street.

Minutes of previous meeting were read and approved.

Mr. Albera read a letter on Thrips, advocating Thetan Fumic as a remedy, using 2 teaspoonsful to a gallon of water.

Mr. Kelly spoke on 2-4-D, using a Paul's Scarlet Branch which showed much damage due to the careless use of 2-4-D. Mr. Kelly stressed the point that you could not be too careful in the use of 2-4-D, either by getting too close to the plants that you did not want to kill or by the use of any sprayer or spray gun that had previously been used with 2-4-D, no matter how carefully it was rinsed out, in putting any kind of spray on your rose bushes or other plants.

Mr. Withers spoke on the Rose Show Judges, advising that some roses were disqualified on account of having a bug on them, also having spray on the leaves both of which should have been removed before the rose was exhibited. He also gave a demonstration of disbudding in the proper manner.

Mr. Albera spoke on his and Mr. Green's experience at the Colorado Springs Rose Show.

Discussion was had on the matter of having another Rose Show in the latter part of September. It would appear that most all those present would have liked to have had another show but it was pointed out that for the amount of work involved in the remaining time, no second was received on the question of leaving the matter up to the Executive Committee. It was therefore decided not to have a rose show in the fall of this year. Mr. Stoval volunteered the use of his show room and also agreed to take care of the advertising necessary.

Mr. Kelly advised of a sound picture by on Roses by that eminent rosarian Mr. C. H. Pfister. Mr. Bob Stoval agreed to pay the rental on this picture and provide the necessary machine to show it.

Meeting adjourned at 10:00 P.M.

DENVER ROSE SOCIETY.

NEXT MEETING Thursday evening, June 9th, 1949 at the Horticulture House, 1705 Bannock Street, eight P. M. Mrs. R. L. Dinmore and Mrs. Roy Littlejohn will have charge of the meeting and will discuss all phases of staging the Rose Show.

LAST MEETING Mr. Walter Slagle gave us some interesting sidelights on how our new roses are created and Mr. J. L. Holland talked on how our roses are budded on different root stock. He also gave a demonstration of how to bud.

THE JULY AND AUGUST MEETINGS will be replaced by rose tours. The gardens of members will be open on Sunday afternoons. Location and dates will be announced later by bulletins. We hope to visit all members' gardens. If possible we will have two tours in July and two in August.

THE SEPTEMBER MEETING will be devoted to reports on the new roses for this year. Members will bring their roses and will give the good and bad points of each rose. Keep a good record of your roses and be prepared to give a report.

REMIND THE ROSE SHOW. SUNDAY JUNE 19th at 2650 East 40th Ave., the new Ford Motor Company Show Rooms, Open 2:30 and 9 P.M., free to the public. All exhibitors are urged to bring your entries early so as not to cause a last minute rush. Ask your neighbors to exhibit in our show. Bring their flowers and enter them for them if they cannot bring them themselves. Entries must be in place by 11:30 AM Sunday. We need help so if you can, come out Sunday morning and help.

TIPS ON ROSE SHOWING. When plants come into bud, remove all side buds, leaving the strong central bud. This early removal will throw all the strength of the cane into the central flower. Polyanthas, climbers and ramblers are not disbudded; the more blooms open or buds showing color the better the entry will be. Try to avoid having any flowers in the cluster past their prime for they will detract from the others. In showing three blooms of one variety, select the three most uniform blooms of best appearance. Do not use one extremely large flower with two of medium size. In placing them in the container it is best to have the center bloom stand slightly higher than the other two.

Provide yourself with labels, such as a price tag with string attached. A day or so in advance select the roses you expect to exhibit, write the name of the variety on the label with the class number it is to be exhibited in and place it on the stem. Cut your roses the evening before the show and put them in ice water almost up to the blossom. Choose bloom with strong stem and good foliage. Make a slanting cut and remove several of the lowest thorns so that the stem may absorb maximum amount of water. A stem ten to twelve inches long is sufficient for medium size blooms. Larger blooms may be cut with stems up to eighteen inches long. Very large sprays of polyanthas or climbing roses should have long stems but 24 inches should be the limit. Before storing, the blooms the foliage should be cleaned of any spray residue by wiping off with damp cotton. Be sure there are no insects on the flowers. All roses should be from half to three fourths open at show time except singles which may be fully open. A rose with few petals open faster. Do not transport your roses to the show room exposed to moving air.

Jack H. Withers, President.
Dear Folks:

In spite of hail and mildew and other obstacles we feel that we had a very successful year in 1951. Just in case you have forgotten, let us review a few of the achievements for 1951.

1. The first time we ever had two shows in one year—both of them successful.

2. The first time we had trophy awards was for the fall show on September 16, 1951, presented by four of our local cooperating nurseries.

3. A series of very successful rose tours during the summer months.

All in all, we believe 1951 proved to be a milestone in progress and achievement, and we certainly owe a vote of thanks to President Maurice Marshall and the other officers for 1951.

At the October meeting the new officers for 1952 were elected. For those who were not at the meeting, we list your new officers below.

President: Jack L. Faust 5036 Tejon St. GE 0059
Vice President: Ray E. Turnure 40 S. Cascada PE 8808
Secretary: Mrs. Maurine Bush 779 Kearney FR 1301
Corresponding Secy.: Mrs. P. B. Smith 6645 E. 17th. DE 6552
Treasurer: W. R. Hoefle 1837 S. Clarkson PE 6192

Now, a word or two about plans for 1952.

A. MEMBERSHIP — Our goal is to at least double our 1951 membership. Everyone can get into this act, and the more the merrier. We are offering a free rose bush of your choice to each present member who is responsible for bringing in ten new memberships. Don’t forget that joint memberships count one and one-half. If you know of anyone interested in roses and the rose society, please jot down their name and address and either contact them directly yourself or see that it gets to one of the members of the membership committee, or to one of the officers. Incidentally, we are issuing the 1952 membership call now as we want the membership roster as complete as possible before January 1st, so we can get it in the 1952 program booklet which will go to press in January.

B. PROGRAMS — The program committee of Mrs. Littlejohn, Mr. Gundell, and Mr. Wood is busily preparing nine timely, sensible and thoroughly interesting programs for the year 1952, which will also be
B. Programs (continued)

included in the 1952 booklet. They are also arranging the 1952 rose tours so when they call on you, please help them by offering your garden for tour.

C. ROSE SHOWS - We are hopeful that we will be able to promote both a spring and fall show again. We are trying to arrange a regional show as one of the shows next year and indications point to success with this venture. More about this later. We will again have trophies, and we are working on a perpetual challenge trophy for the sweepstakes winner. Show dates will be announced in the 1952 booklet.

D. PUBLICITY - The publicity committee of Mrs. E. J. Maynard, Mrs. C. F. Jones and Mrs. R. E. Turnure hold themselves ready to receive, edit, write and help with any information or publicity to be released through the society. Your ideas and suggestions will be warmly welcomed.

That's all for now. Let's make this society GO - AND GROW!

The Denver Rose Society
Publicity Committee

P. S. In case you've forgotten, the membership dues are $2.00 for a single membership and $3.00 for a joint membership. Checks should be made payable to the Denver Rose Society and sent to the Treasurer or Secretary.
Dear Folks:

The first meeting of 1952 will be Thursday, February 14th, at 8 p.m., at the Horticulture House. Our program topic will be "Soil, Planning, and Landscaping" with Mr. Gail Rumley of the city Forester's office, and Wendell Keller of the Parks department as our principal speakers. This first meeting of 1952 will also be a "guest" night and a general get-acquainted meeting, so make it a point to bring a guest with you. The officers and members of the executive committee will be hosts and hostesses for the evening.

We want to extend a very special invitation to our many new members and rose friends to be sure to attend this meeting as we are very anxious to meet them and make them feel welcome. If transportation is a problem, don't let it keep you at home but call Mrs. Faust at GE 0059, or Mrs. Turnure at PE 6608, and they will be glad to arrange a ride for you with someone in your neighborhood.

A word about our membership campaign...........We have already far exceeded our total 1951 membership but are still a long way from our goal. Can YOU get four new members? If you can we'll have not only the best rose society in the Rocky Mountain states but the best in the United States. Let's let people know we grow roses!

Remember Thursday night, February 14th.

Sincerely,

DENVER ROSE SOCIETY
